Israeli investments in France

Between 2023 and 2025, 14 new investment projects by Israeli businesses were recorded in France, creating 183 jobs. Some 71% of these projects involved the creation of new establishments, demonstrating France's attractiveness to Israeli businesses.

The vast majority of these projects were decision-making centers (71%), which also accounted for nearly three-quarters (74%) of the jobs forecast by Israeli businesses since 2023. Furthermore, most of these projects represented initial investments in France, illustrating the country's attractiveness to new Israeli firms.

More than one-third of the projects (36%) were in the IT services sector, which was also the sector with the most jobs, with nearly one in two Israeli jobs forecast since 2023 (49%). The textiles and agri-food sectors accounted for 14% of projects.

Ile de France (Paris region) has hosted one in two Israeli projects since 2023, followed by Bourgogne-Franche-Comté (14%). The remaining five projects were spread across five other regions.
